Gallery's 20th Anniversary Exhibition

Opening Reception: Friday, April 22, 6:00 – 8:30 pm

Artists will be present.

On view: April 22 – May 28, 2016

In celebration of the 20th Anniversary of Anya Tish Gallery, we are delighted to present **XX**, the first of two group exhibitions of work by regional and international artists from the gallery roster.

The artwork on view will span the last few decades as well as a variety of media, including painting, sculpture, video, photography and installation. Among the exhibited work will be a site-specific light installation by Adela Andea, a seminal monochromatic painting from 1978 by the prolific HJ Bott, a new and meticulous optical portrait by Maxim Wakultschik, and vintage photographs by acclaimed Soviet photographer Samariy Gurariy. Especially for this exhibition, William Cannings has created a large-scale pearlescent "XX", sculpted from inflated steel and evocative of weightless plastic.

XX will also feature a minimal, pristine white relief by George Grochocki, a new, expansive oil painting by Marcelyn McNeil, a kinetic monoprint by Orna Feinstein, and a realistic and politically charged drawing by Shannon Cannings, among others.
